Part III DETAILED ACTION

Notice to Applicant(s)

1. This action is responsive to the following communications: Amendment filed on 1/24/2006.

2. This application has been reconsidered. Claims 41-60 are pending.

Election/Restrictions

3. Newly submitted claims 41-60 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: The original claims (claims 20-40) pertain to performing facsimile-based operations over a communications network by establishing communications between a sending facsimile machine and a recipient facsimile system, while newly presented claims 41-60 pertain to a method for transmission of a facsimile message with alternative delivery methods, by converting a facsimile message from a PSTN format to a package-based format and determining an activity status of the recipient. These claims are different from the previously presented claims, as acknowledged by Applicant in arguments filed on 12/16/2005.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 41-60 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Art Unit: 2626

4. The amendment filed on 1/24/06 canceling all claims drawn to the elected invention and presenting only claims drawn to a non-elected invention is non-responsive (MPEP § 821.03).

The remaining claims are not readable on the elected invention because of the reasons set forth in paragraph 3 above.

Since the above-mentioned amendment appears to be a *bona fide* attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.

Response to Arguments

5. Applicant's arguments with respect to claims 41-60 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after

Art Unit: 2626

the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
